

ONE REMOVE® Graffiti Remover X

OneRemove Graffiti Remover X is an environmentally sound VOC-FREE scrubber remover for surfaces that have been scraped with spray scribbles, silver paint, gold paint, tectyl spray, paint bombs and ink.

Product highlights:

- Environmentally correct and completely free of VOC
- Fragrant fragrance
- Fast-acting
- Also solves tectyl spray graffiti
- Gentle on underlying materials
- Economically in use

Application area:

Exterior scrubbing on trains, subway, tram, bus, industrial lacquered metal, glass, aluminum, concrete, brick, granite, marble, clinker, terrazzo and limestone.

Application:

Hard smooth surfaces of industrial lacquered metal, aluminum and glass:

Apply the product with a soft wash brush or brush on the scrub - let the product work for 5 - 10 minutes and then work the surface with the brush so that the product can penetrate and dissolve the scrub in the best way. When the product is dissolved, the surface is rinsed with hot water pressure (70-90 degrees hot water and 100-150 bar pressure) or rinsed with a wash brush and running clean water. Rinse off plenty of water. If necessary, apply a new layer and with the same given instructions.
